Published on the 1st March, 1915.

A.O. 122. I.—Soldiers who are reported missing—Instructions as to pay.—

1915.

87

With reference to Army Order 383 of 1914 and Army Order V. of 15th February, 1915, the pay of a soldier who is reported missing should be credited in his pay account for a period of four weeks only, reckoned from the date on which his next of kin was informed that he was missing. The soldier's wife, family or dependants will, however, continue to be entitled to separation allowance and allotments of pay, under the terms of Army Order V. of 15th February, 1915, notwithstanding that pay has ceased to be credited to the man's account.

2. In the event of news of the soldier's death being received before the expiry of the four weeks, the pay should be credited only up to the date of his death.

3. If there is definite evidence that a missing soldier was alive on a date subsequent to the expiration of the four weeks, his pay should be credited up to and including that date.

4. If a soldier reported missing afterwards rejoins or is found to be a prisoner of war or interned in a neutral country, the arrears of pay will be credited to his account.

5. This Army Order will apply retrospectively to the cases of soldiers already reported missing.

**Provisional Issues of Separation Allowance to the
Dependants of Soldiers serving Abroad.**

1. Provisional issues of separation allowance under paragraph 19 of Army Order 440 of 1914 will in future only be made—

- (i) Where Army Form O 1839A has been received by the paymaster before the date of this Army Order, and
- (ii) In the case of persons who were not eligible for separation allowance under the definition of "dependant" in paragraph 2 (a) of Army Order 440 of 1914, but who now come within the extended definition in paragraph 1 of Army Order XIII. of 26th February, 1915, where Army Form O 1839A is received by the paymaster before 1st May, 1915.

Army Orders.—April, 1915.

Except as provided above no payment will be made A.O. 126
in respect of a claim on Army Form O 1839A without 1915
previous reference to the soldier. continued.

2. With reference to sub-paragraph (f) of paragraph 19 of Army Order 440 of 1914, which states that provisional issues will be discontinued if a reply is not received from the soldier within a reasonable time, it is notified that one month is considered a reasonable time to allow for a reply, in addition to the time occupied in the post (double journey) in the case of distant stations.

3. *Notification to the dependant.*—In future cases the paymaster, when the first payment of a provisional grant is made, will inform the dependant (on Army Form O 1843c) of the date on which the issue will be suspended if a reply is not received from the soldier.

Reckoning from the date of the despatch of Army Form O 1843 to the soldier's commanding officer, the date of suspension will be fixed as follows :—

- (a) If the soldier is serving with the Expeditionary Force, one month will be allowed.
- (b) If the soldier is serving abroad elsewhere than with the Expeditionary Force, the time allowed will be one month in addition to the time ordinarily taken for the double journey in the transmission of correspondence to and from the station at which the soldier is serving.

4. Dependants already drawing provisional issues which the soldier has not confirmed should now be given notice that payment will be discontinued, unless a reply is received from the soldier within the periods specified in paragraph 3, but in no case will the issue be discontinued before the end of one month, reckoning from the date of notice.

5. *Notification to the soldier.*—In cases where Army Form O 1843 has been despatched before the receipt of this order, the paymaster will send to the soldier's commanding officer a notification (on Army Form O 1843b) as to the date on which payment will be suspended. In future cases a similar notification will be made by means of a printed slip (Army Form O 1843a) attached to Army Form O 1843.

6. Officers commanding units will take steps to ensure that Army Form O 1838 is returned in every case in which a claim for dependant's allowance has been notified on Army Form O 1843.

Army Orders.—April, 1915.

A.O. 126 7. If, after payment has been suspended, Army Form
1915 O 1838 is received from the soldier offering to make the
continued. necessary allotment, payment will ordinarily be resumed
from the date of receipt by the paymaster. If, however,
it can be shown that the delay was due to causes beyond
the control of the soldier and he is willing to pay the
necessary allotment, arrears, up to a period not exceeding
three months, may be allowed.

8. The instructions in paragraphs 2 to 7 of this Army
Order do not apply to soldiers who are reported as
"prisoners of war" with regard to whom further
instructions will be issued. They do, however, apply
to soldiers who are interned in a neutral country. In
the case of soldiers who are reported missing con-
currence will be assumed, the period of issue being
limited according to Army Order V., 15th February,
1915.

9. A supply of Army Forms O 1843A, O 1843B, and
O 1843C has been despatched to all paymasters
concerned.

NOTE.—"Paymaster" in the above instructions means
the command or regimental paymaster or Territorial
Force Association charged with the payment of separa-
tion allowance to the families of the unit.

Issue of Separation Allowance when a soldier's pay is forfeited.

10. Separation allowance will no longer be stopped for
periods for which a soldier forfeits pay, *e.g.*, during
detention, absence, or sickness in hospital due to an
offence under the Army Act. Resumption in existing
cases will have effect from 1st March, 1915.

11. Payment of any allotment made by the soldier
will, however, cease for a period of days equivalent to
the period for which pay is stopped, except that for
periods of less than 7 days the allotment will continue
to be issued and will be recovered from the soldier's
pay account. The discontinuance of the allotment for
periods of 7 days or over will not in these cases entail
the corresponding cessation of separation allowance
required by Army Order 440 of 1914.

12. If a soldier is absent without leave for 7 days the
officer commanding the unit will at once inform the
paymaster, and should the soldier return before he has
been absent for a total period of 21 days a further
report will be made to the paymaster. Should the
paymaster receive no notification of the return of an
absentee before he has been 21 clear days absent, after

allowing time for the report to be made by the unit, the soldier will be regarded as a deserter and the issue of separation allowance will cease. The paymaster will be responsible for informing the Secretary of the County Association as may be necessary in the case of soldiers of the Territorial Force.
